Recommended Organization of the Export Control Support Branch, Economic Analysis Division

Office of Branch Chief

Chief, Intelligence Officer (GS-15)
Asst. Chief, Intelligence Officer (GS-14)
Research Secretary (GS-5)
Steno-typist (GS-4)

Export Control Committee Support	R-Procedure Subcommittee Support	Export Control Lists and Regulations	Technical Analysis	NSC Special Committee Support	Special Projects
Review and evaluate all OC documents and represent CIA at bi-weekly OC meetings. Brief CIA representative on ACEP. Provide support to US delegates to COCOM and Tripartite conference. Prepare OC documents recommending revisions in strategic ratings and additions to US "excon" lists. Maintain liaison with OC members.	Analyze all export license applications referred to the Subcommittee. Evaluate end-uses stated in applications. Inquire into possible contacts between consignee and Soviets. Appraise risk of transshipment of strategic item. Advise proper officials re reported evasions of controls. Prepare "spot" intelligence reports. Maintain liaison with enforcement officers (Commerce).	Advise all components of CIA re position of specific items on US and Int'l. lists. Summarize export control regulations of each important non-Communist country. Prepare reports on development and current status of US export controls and multilateral agreements. Cooperate with other analysts in determining whether Soviet vulnerabilities are covered by items on "excon" lists.	Prepare all technical analyses germane to "excon" support. Analyze strategic importance to Soviets of items on "excon" lists. Determine whether changes in definitions on "excon" lists result in omission of strategy items. Evaluate import requirements submitted by foreign countries. Decode and analyze export data recorded by "excon" classifications.	Review and evaluate draft memoranda prepared by NSC Spec. Committee on E-W Trade. Participate in work of Drafting Subcommittee of above cited committee. Prepare special E-W trade analyses as directed by Chief, D/A. Cooperate with other analysts in appraising economic impact of cessations of E-W trade.	Primary responsibility is preparation of special analyses as required, but continuing assignments include: Appraisal of vulnerability of Soviet Bloc to denial of exports from non-Communist areas. Appraisal of effectiveness of export controls of important non-Communist countries. Development of economic intelligence germane to export controls.
